IMSC Pan-Canadian Trust Framework

Trusted Digital Representations

| Trusted Digital Identity (Person) | Trusted Digital Identity (Organization) | Trusted Digital Relationship |

Compound Trusted Processes

| Identity Assurance | Credential Assurance | Informed Consent | In Progress | To be defined |

Trusted Supporting Infrastructure (Privacy, Security, Service Delivery, …)

Atomic Trusted Processes

Input	Trusted Process	Output
Non-Unique Identity Information	Identity Resolution	Unique Identity Information
No Authoritative Record	Identity Establishment	Authoritative Record
Unconfirmed Identity Information	Identity Validation	Confirmed Identity Information
Unattributed Claims	Identity Verification	Attributed Claims
Nn-Validated Evidence	Evidence Validation	Validated Evidence
Static Presence	Identity Presentation	Active Presence
Identity Information	Identity Maintenance	Updated Identity Information
Issued Credential	Identity-Credential Binding	Identity Bound Credential
Unlinked Identifier	Identity Linking	Linked Identifier
No Credential	Credential Issuance	Issued Credential
Issued Credential	Credential-Authenticator Binding	Authenticator Bound Credential
Issued Credential	Credential Suspension	Suspended Credential
Suspended Credential	Credential Recovery	Issued Credential
Issued Credential	Credential Revocation	No Credential
Authenticator Bound Credential	Credential Authentication	Authenticated Credential
No Notice Statement	Formulate Notice	Notice Statement
Notice Statement	Request Consent	Consent Decision
Consent Decision	Record Consent	Stored Consent Decision
Stored Consent Decision	Review Consent	Stored Consent Decision
Stored Consent Decision	Renew Consent	Stored Consent Decision
Stored Consent Decision	Expire Consent	Stored Consent Decision
Stored Consent Decision	Revoke Consent	Stored Consent Decision
No Signature	Create Signature	Signature
Signature	Check Signature	Checked Signature

## Qualifiers

Scheme	Qualifiers
Pan-Canadian	Level 1, Level 2, Level 3, Level 4
eIDAS	Low, Substantial, High
Vectors of Trust	IP, C, M, A
NIST	AAL1,AAL2,AAL3; IAL1, IAL2, IAL3, FAL1, FAL2, FAL3
SES Regulation	SES
